MILITARY PROTECTIVE GEAR

INTRODUCTION & SCOPE

This handout provides a comprehensive overview of the ballistic options, and tactical product portfolio offered by Y6D Ballistics. As detailed in our 2026 product catalog. We specialize in manufacturing and supplying a full spectrum of personal and tactical armor solutions compliant with rigorous international standards, primarily the U.S. National Institute of Justice (NIJ) 0101.06 and the emerging 0101.07 standards. Our product line is designed for defense, law enforcement, security, and institutional clients worldwide.

PRODUCT CATEGORIES SUMMARY

Our catalog is organized into the following core product families, each with multiple sub-variants, sizes, and material options:

- **Hard Armor Panels (SAPI/ESAPI & Sizes):**

Rifle-rated plates in standard SAPI/ESAPI sizes (S, M, L, XL) and common formats (10x12", 6x8", etc.). Available in multiple protection levels (NIJ III/RF1, III+/RF2, IV/RF3), curves (Single, Multi), and material constructions (Ceramic-Composite, Pure PE).

- **NIJ IV / RF3 Hard Panels:**

High-hardness plates rated to stop .30-06 AP (M2AP) threats. Offered in Alumina Oxide and Silicon Carbide (SiC) ceramic composites.

- **NIJ III+ / RF2 Hard Panels:**

Medium-hardness plates rated to stop common rifle rounds like 7.62x51mm M80, 5.56mm M855, and 7.62x39mm MSC. Available in Ceramic-Composite and Ultra-Lightweight Pure Polyethylene (UHMWPE).

Y6D

MILITARY PROTECTIVE GEAR

- NIJ 3A / HG2 Bulletproof Vests:

Concealable (Covert) and tactical (Overt) vests for handgun protection. Styles include standard, VIP, Female, and "Froggie" designs in various sizes.

- NIJ 3A & Stab-Resistant Vests:

Combined ballistic (3A) and spike/stab protection (NIJ 0115.00 Level 1 & Level 2). Available in the same range of styles as standard 3A vests.

- Ballistic Helmets:

An extensive range of helmet cuts and systems including FAST High-Cut, MICH/ACH, PASGT, AirFrame, and Wendy-style helmets. Available in both Aramid (Twaron/Kevlar) and lighter UHMWPE shells, with multiple liner systems (OCC Dial, Wendy, Cloudline).

- Ballistic Face & Head Protection:

Includes half and full ballistic masks, tactical visors for various helmet types, and hand-held ballistic shields.

- Tactical Vests & Carrier Systems:

Modular plate carrier systems (e.g., M-V001 Full Body Armor Loadout), chest rigs (ARC series), and associated placards for mission customization.

- Tactical Pouches & Bags:

A complete ecosystem of pouches for armor components (shoulder, neck, abdominal), magazine inserts, admin panels, helmet bags, and assault packs.

- NIJ 3A Soft Armor Panels:

Standalone flexible soft armor panels in a wide array of sizes (from 6x6" to 11x14") for use in custom vests or as supplements in plate carriers.

- Specialty Panels:

Includes stab-resistant soft panels (Level 2) and rigid 3A-rated polyethylene (PE) hard panels for tactical applications.

Y6D

MILITARY PROTECTIVE GEAR

KEY SPECIFICATIONS & COMPLIANCE

Protection Standards:

Ballistic (Primary): NIJ 0101.06 (Current) & 0101.07 (RF1, RF2, RF3, HG2).

Stab/Spike: NIJ 0115.00 (Level 1 & Level 2).

Helmets: NIJ 0106.01 & 0108.01.

Material Technologies:

Hard Armor: Aluminum Oxide Ceramic, Silicon Carbide (SiC) Ceramic, Ultra-High-Molecular-Weight Polyethylene (UHMWPE), and composite constructions.

Soft Armor & Helmets: Superior Import Aramid (Twaron/Kevlar) and UHMWPE.

Carriers & Gear: 500D/1000D Nylon, Poly-cotton, and laminated fabrics.

Common Threats Defeated (As Certified):

NIJ III+ / RF2: 7.62x51mm M80, 7.62x39mm MSC, 5.56mm M193 & M855.

NIJ IV / RF3: .30-06 M2AP Armor-Piercing.

NIJ 3A / HG2: .44 Magnum, 9mm FMJ.

Weight & Sizing: Detailed weight ranges and precise dimensional data are provided for every SKU, emphasizing lightweight and ergonomic designs, especially in our "Feather-Lite" and "Ultra Light" PE product lines.

Y6D

MILITARY PROTECTIVE GEAR

ORDERING & CUSTOMIZATION

Pricing & Terms: All Pricing is determined with a free quote. The quote is only valid for 7 days.. All Pricing will be in USD. Minimum Order Quantities (MOQ) vary by product and are clearly stated.

Standard MOQ: Applies to products with standard finishes/colors.

Customized / OEM Orders: We support client branding. MOQ for orders with custom logos (screen print, max 15x20cm) is typically 100 pieces per SKU.

Volume Discounts: Significant price reductions are available when order quantities are double the standard MOQ, subject to material stock.

QUALITY & RELIABILITY ASSURANCE

Our products are engineered to meet or exceed the stated NIJ standard performance criteria.

Construction details (e.g., "edge-to-edge ceramic coverage," "multi-curve shape") are specified for optimal fit and protection.

We utilize proven, high-grade ballistic materials from reputable sources.

Y6D

MILITARY PROTECTIVE GEAR

CONCLUSION & CONTACT

Y6D Ballistics provides a one-stop solution for advanced personal ballistic protection. Our 2026 catalog demonstrates a deep commitment to variety, technical performance, and client-specific customization across the entire spectrum of tactical armor.

We are ready to support your procurement needs with competitive pricing, reliable quality, and professional service

Next Steps: Please indicate products of interest, desired quantities, and any customization needs for a formal quote. we will assist you with every step, from quote- delivery.
